📍 Angeles City, Pampanga

About Me

A 4th year IT Web Development student who is currently pursuing a degree in Information Technology, with a foundation in web design, programming languages, and database management. Passionate about creating dynamic and responsive websites, I am currently honing my skills in HTML, CSS, JavaScript, and WordPress development. I am seeking opportunities to grow as a Web/WordPress Developer, where I can apply my skills and collaborate with a team to deliver exceptional digital experiences.

Soft Skills

- Optimistic
